

Music A Level – Preparatory Work 2026

In A Level Music we must be able to place every piece we hear into some kind of historical context. All music builds on what has come before it.

In addition to listening to as much music as possible, we have created a short form for you to fill out before starting A Level Music. This will help us diagnose your strengths and weaknesses, and will help you prepare for the kind of learning we do in this course.

Please go to tinyurl.com/MusicPrep26 to fill out this form.
